Good manners play an important part in maintaining peace and good-will in a community. A man who has good manners does not hurt the feelings of others, and therefore he is on good terms with his friends and neighbours and also with others. In this way he helps to keep peace in society. But a man whose manners are bad has no respect for others. He uses words carelessly and behaves rudely towards others. Everyone avoids him and he is forced to live almost in isolation.

To live well in a society, money alone is not enough. We should also have good manners, for it is human nature to seek friendship; and friendship cannot be bought with money.
