

Atomic Energy Education Society
Annual Examination 2025 - 26

Class: VI
Subject: ENGLISH

Duration: 3 hrs.
Max Marks: 80

General Instructions:

1. This question paper consists of four sections A, B, C and D.

Section – A Reading 20 Marks

Section – B Writing 20 Marks

Section - C Grammar 15 Marks

Section – D Literature 25 Marks

2. Read all the questions carefully and attempt all the questions.

3. Numbers to the right indicate the marks.

4. All the questions of that particular section should be in the correct order.

5. Do not write anything in the question paper.

SECTION A - READING (20 MARKS)

Q1. Read the following passage carefully and answer the questions that follow.

Social media has become an important part of modern life. Platforms like WhatsApp, Instagram, YouTube, and Facebook allow people to share information, stay connected, and express themselves. For students, social media can be both helpful and harmful, depending on how it is used.

On the positive side, social media helps students learn new things quickly. Educational videos, online quizzes, and study channels make learning easier and more interesting. Students can ask doubts, join study groups, and even attend online classes. Social media also helps people stay in touch with friends and family, especially those who live far away.

However, social media also has negative effects. Spending too much time on it can reduce concentration and distract students from studies. Many students stay awake late at night using their phones, which affects their sleep and health. Sometimes, fake news spreads quickly on social media, and people believe it without checking the truth. Cyber bullying is another serious issue where people use hurtful comments or messages to trouble others.

To use social media wisely, students should limit their screen time, avoid sharing personal information, and follow only trusted sources. Parents and teachers should guide children about safe online behaviour. Social media is not bad by itself; it becomes harmful only when used without control. Thus, social media is a powerful tool that must be used responsibly. It can help us grow and learn if we balance our time and stay safe online.

Based on the reading of the above passage, answer the following questions.

(1X8=8)

1. What is the main topic of the passage?
 - a) Television
 - b) Social Media
 - c) Sports
 - d) Newspapers
2. Which of the following is a social media platform?
 - a) Dictionary
 - b) Instagram

 - a) Study groups
 - b) Hospitals
 - c) Banks
 - d) Parks
8. The passage suggests using social media _____
 - a) Carelessly
 - b) Secretly
 - c) For fun only
 - d) Responsibly

Q2. Read the following passage given below.

Hygiene plays a very important role in keeping our body healthy and disease-free. Good hygiene habits include bathing daily, washing hands before eating, brushing teeth twice a day, and keeping nails trimmed. When we stay clean, we prevent germs from entering our body. Many common illnesses like cold, flu, stomach infection, and skin problems can be avoided by maintaining proper hygiene.

Clean surroundings are also a part of hygiene. If garbage is left uncovered or water is allowed to collect in open areas, it becomes a breeding place for mosquitoes and flies. These insects

can spread diseases like dengue, malaria, and food poisoning. Schools and homes should be kept neat so that everyone can live in a safe environment. Hygiene not only protects our health but also improves our confidence. A clean person feels fresh, active, and ready to learn new things.

2.1 Based on the reading of the above passage, answer the following questions. (1X4=4)

- i) What does hygiene help us prevent?
- ii) How many times should we brush our teeth?
- iii) Which insects breed in dirty surroundings?
- iv) Name one disease caused by mosquitoes.

2.2 Answer the following questions in about 20-30 words (2X4=8)

- i) Why is handwashing important for hygiene?
- ii) How do dirty surroundings affect our health?
- iii) What hygiene habits should students follow daily?
- iv) How does hygiene help in improving confidence?
